

City of Loma Linda Official Report

Floyd Petersen, Mayor
Karen Hansberger, Mayor pro tempore
Robert Christman, Councilmember
Stan Brauer, Councilmember
Robert Ziprick, Councilmember

COUNCIL AGENDA: September 9, 2003

TO: City Council

VIA: Dennis R. Hallowsay, City Manager 

FROM: T. Jarb Thaipejr, Public Works Director/City Engineer 

SUBJECT: Award Contract For Professional Engineering Services for the Design of Water Transmission Pipeline at Cooley Drive

RECOMMENDATION

It is recommended that the City Council award a contract to Engineering of Southern California in an amount not to exceed \$24,320 for the preparation of Plans, Specifications and Cost Estimate.

BACKGROUND

Recently, the City has completed the installation of Mt. View Well No. 5, which is capable of producing 3000 Gallons Per Minute (GPM). In addition, the City has planned to upgrade the Mt. View Well No. 3 to increase the production from 1,000 GPM to 3,000 GPM. This increase in water production will require an increase in the waterline from the well sites to the existing 20" diameter waterline at Mt. View Ave.

ANALYSIS

The Requests for Proposals (RFP) were mailed to five (5) civil engineering firms. The City received three (3) responses.

Upon review of the proposals, the City selected Engineering Resources of California to provide the services. This decision was based on their familiarity with the City's water and water well systems.

ENVIRONMENTAL

None

FINANCIAL IMPACT

Funding for this project has been budgeted in Account Number:

38-7200-8240 (Cooley Dr. Waterline Replacement) \$24,320
